EMRISE CORPORATION'S SUBSIDIARY, CXR ANDERSON JACOBSON, RECEIVES FURTHER \$900,000 NETWORK ACCESS ORDERS FOR EUROPEAN UTILITY CUSTOMER

RANCHO CUCAMONGA, Calif., June 26, 2007 - EMRISE CORPORATION (NYSE Arca:ERI), a multi-national manufacturer of defense and aerospace electronic components and communications equipment, today announced its French subsidiary, CXR Anderson Jacobson ("CXR-AJ"), has received an additional new order for \$900,000 for the supply of multi-service multiplexers to a European utility company customer. The order is expected to be delivered before year end.

Carmine T. Oliva, Chairman, President and CEO of EMRISE, commented: "A major target for 2007, the electric utility industry in the U.S. and Europe is a rapidly expanding market as it updates and upgrades its communications infrastructure. CXR Anderson Jacobson has established a base of utility company customers throughout Europe, on which we are now building both new and repeat business. We believe this order for our multi-service multiplexers reflects our ability to provide turnkey solutions to customers who require flexible communications solutions. We are able to multiplex and transport specific protocols critical to utility companies over standard and new generation networks. We believe this business will continue to expand and open the door to other utility customers."

About EMRISE Corporation

EMRISE Corporation is a multi-national manufacturer of defense and aerospace electronic devices and communications equipment. EMRISE's electronic devices group, which consists of EMRISE Electronics Corporation and its international subsidiaries, provides power conversion, RF devices as well as digital and rotary switches to the North American, European and Asian electronic market. These products are primarily used for defense, aerospace and industrial applications. EMRISE's communications equipment group, consisting of CXR Larus Corporation and its subsidiary CXR Anderson Jacobson, provides network access and timing and synchronization products to the North American, European and Asian communications industry. Founded in 1983, EMRISE operates out of facilities in the United States, England, France and Japan. As of May 2007, EMRISE had a total of 302 employees in its various subsidiaries and divisions. Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995

With the exception of historical information, the matters discussed in this press release are forward-looking statements that involve a number of risks and uncertainties. The actual future results of EMRISE Corporation could differ from those statements. Factors that could cause or contribute to such differences include, but are not limited to: the ability of EMRISE Corporation to produce and deliver new orders in a timely manner, the ability to deliver the order referenced in this press release to the specified customer before year end, the ability to provide turnkey solutions to customers, the ability to obtain new business or to build upon existing business with new or existing utility customers and those factors contained in the "Risk Factors" Section of the company's Form 10-K for the year ended December 31, 2006 and other EMRISE Corporation filings with the Securities and Exchange Commission.
